Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Friday 19 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy, windy with outbreaks of rain today. Becoming mild.

Today:
Cloudy with spells of rain, especially across the Pennines, although some drier periods are likely in the east. Becoming mild after a locally chilly start, although temperatures will be tempered by the windy conditions, with coastal and upland gales developing. Maximum temperature 11 deg C (52 deg F).

Tonight:
Cloudy, mild and windy, with gales over high ground and coastal gales at first. Further outbreaks of rain will arrive, especially for the Pennines. Minimum temperature 7 deg C (45 deg F).

Saturday:
Cloudy with spells of rain, these sometimes heavy, especially across the Pennines. Remaining mild and windy, with a risk of gales for the coast and high ground. Maximum temperature 12 deg C (54 deg F).

Outlook for Sunday to Tuesday:
Sunday lighter winds, cloudy with outbreaks of rain gradually fading away. Monday dry but generally cloudy, with light winds. Tuesday windy with spells of rain. Average to mild temperatures.
